Occupational Health and Safety Policy

Boréal Solutions inc. — FICTIONAL DOCUMENT | Version 1.1 | September 1, 2026

This document is entirely made up for developing and testing a RAG assistant. It is not a real policy or legal advice. Any resemblance to an existing company is coincidental.

HS-01 | Commitment

Boréal Solutions inc. is committed to a healthy and safe workplace, at the office and when working remotely. Every employee must apply the rules of this policy and report any hazard.

HS-02 | Reporting an incident or accident

Any accident, even without injury, must be reported to the manager and recorded in the incident log within 24 hours. An accident requiring medical care must also be reported to Human Resources the same day.

HS-03 | First aid

At least two trained first aiders are present on each floor during normal hours. The list of first aiders and the location of first aid kits are posted near the elevators.

HS-04 | Evacuation

An evacuation drill takes place twice a year. The assembly point is the north parking lot. Floor wardens wear an orange vest.

HS-05 | Ergonomics when working remotely

Employees working remotely must have an ergonomic workstation. A one-time allowance of CA$300 is offered for the purchase of a chair or a monitor, upon presentation of receipts within 60 days of purchase. This allowance is not part of the training budget.

HS-06 | Leave following a workplace accident

An employee who cannot work following a workplace accident receives full pay on the day of the accident. The following days are handled under the applicable public plan. This leave is not deducted from the vacation bank.

HS-07 | Right to refuse

An employee who has reasonable grounds to believe that a task poses a danger to their health or safety may refuse to perform it and must notify their manager immediately.

HS-08 | Committee

A joint health and safety committee meets every three months. Its minutes are published on the intranet.
